REPORT OF TRUSTEES OF G. H. STOWELL FREE LIBRARY  
To The Citizens of Cornish:

In spite of broken windows, damaged roof and failure of electric light service, all of which were due to the hurricane, the library functioned on regular schedule throughout the year.

In addition to the regular established service to local schools, a special school project is underway, a reading contest among upper grade pupils. Note books reporting on books read will be submitted, judged, and book prizes will be awarded. The reading list compiled was checked with the State Board of Education's approved list, and all books included are obtainable at the library.

An interesting exhibit of school work from different school districts was displayed at the library at the close of the school year. It attracted much attention and favorable comment and the librarian plans to arrange a repeat display.

A group of 32 local pupils visited the library in May. Mrs. Dean as hostess conducted the group through the building, giving the story of its erection and explaining to the older children the use of the filing system. Pupils entering High school have since reported that the information on the use of files has been helpful.

The librarian's records provide the following statistics:

Total visitors at the library	1706
Books loaned at library	3245
Books loaned to South Cornish Community	135
Books loaned to schools	686
Magazines circulation library	333
Magazine to schools	28
Lithographs	5

The above figures show a gratifying increase in circulation service.

Visitors from New York, New Jersey, Rhode Island, and Massachusetts have inspected the library.

We are indebted to the following for gifts of books and magazine and extend our thanks and appreciation.

Mrs. Robert Barrett, Mrs. H. G. Deane, Mrs. Alma Brown, Miss Cora Gaines, Mr. Baker of the New England News Company, Mrs. Wardner, Mrs. Rollins, Mrs. D. G. Witherill, Miss Ethel Smith and Mrs. W. G. Bugbee.

Mrs. Wardner's gift deserves special mention, 10 copies of the Bobbsey Twins. The books were carefully preserved and cherished by the late Helen Wardner Cook, whose desire it was that the set should be presented to the library for the benefit of our juvenile readers.

Respectfully submitted,

SELMA W. LOVEJOY,  
ESTHER K. BUGBEE,  
GRACE G. WELD,

Trustees.

## Superintendent's Report

---

To the School Board of Cornish:

I hereby submit my sixth annual report as your superintendent of schools.

Because of the small number of pupils that would attend the Dingleton Hill School, it was closed for this year.

Four of last year's teachers did not return to Cornish for this year's work. Three accepted positions in other school systems and one was married.

Mrs. Marjorie Kidder was transferred to the Center School, Mrs. Ethel Johnson is continuing with the work at the City School, and Mrs. Winifred Barton at the South School.

Miss Dora Pinkham of Steuben, Maine, a graduate of Gorham Normal School is teaching the Chadbourne School. Miss Pinkham has had several years' experience, and she came very highly recommended for the work. Miss Reta Batchelder of Claremont, a Keene Normal School graduate with one year's experience was placed in charge of the Tracy School. Mrs. Merrill Tatro, who has taught several years in Cornish before accepting a grade position at Charlestown holds the position at the Flat School.

We are very fortunate in holding three able teachers from last year and in the choice of new teachers. The positions at the Chadbourne School and at the Flat School were hard for any teachers. The Board wanted someone for each place who could have order and at the same time create an interest that would make the lives of the pupils happy. I believe that it has been done.

The schools are of good size. At the opening of school the Flat School had five grades with 38 pupils, the South School three grades with 27 pupils, the Center School, eight grades with 22 pupils, the City School four grades with 27 pupils, the Tracy School seven grades with 20 pupils, and the Chadbourne School four grades with 19 pupils, making a total of 153 pupils.

There has been 55 pupils in high school this year, but already 5 have dropped out of Claremont High School and 2 out of Windsor High School. We have 6 seniors in high school, and 12 pupils in the eighth grade. From these conditions it is estimated that we shall have from 50 to 55 pupils in high school next year. I

hope that the costs of high school education may be placed on a plan of equalization the same as the costs of elementary schools are.

As your superintendent I feel that this has been a very successful year thus far. I wish to thank the Cornish School Board, the teachers and the citizens who have made this year's success.

Respectfully submitted,

WALTER L. MASON

Skin disease 8, Pediculosis 3, Chicken Pox 14, Pneumonia 1, Common Colds (?). The school dental clinic was held in May, 1938 when sixty children were given dental care by Dr. Irving Crandall. The clinic was financed by the parents, friends and the Red Cross. Limited funds and the present business conditions made it impossible to take care of all the school children. We were able to have all the children in the first five grades cared for. It is important that dental health become a regular function in the school program.

The school health program includes the regular health inspections at the opening of schools in the fall. These inspections are continued regularly through the year. Class room inspections, weighing and measuring, home visits, follow-up work, taking children to clinics or to hospitals, contacting social agencies for special work with the children, business and official calls, conferences, school talks, etc.

I wish to thank the Superintendent of Schools, the School Board, the teachers, parents and others who assisted in many ways to bring about another school health program.
